

Considerations for Submitting a Name for the Federated Church

We invite all members and friends of the congregation to suggest names for our federated church. When creating a name, please keep in mind the following tips and things to consider:

How to suggest a name

As you begin:

- Consider the congregational feedback from the recent survey.
- Use words or themes that are meaningful to the congregation to create a more distinctive name.
- Review the list of names of churches in Great Falls to avoid suggesting a name used by another church.

As you come up with ideas, ask yourself (all of these need not apply to every suggestion):

- Does this name reflect the church's mission, purpose, or values?
- Does it paint a clear picture of who we are or what we believe in?
- Does it connect to our history or where our church is located?
- Is it unique, so it does not get confused with the name of another church?
- Is it clear that this is the name of a church?

Share your ideas with people of all ages in our congregation AND with people who are not part of our church family. Ask them:

- What do they think when they hear the name?
- Is the name easy to relate to?

In addition to the considerations listed above the committee will consider:

- Is the name short, memorable, and easy to understand?
- Can we use the name for a website or an email address?
- If the name forms an acronym, is the acronym appropriate and cannot be confused with other churches or organizations?
- Could the name be mistaken for a church that does not share our mission or values?
